Through our values of global vision, global impact, systemic insight, collaboration, compassion, and persistence, we strive to obtain the vision that coaching is an integral part of the thriving society. The Foundation is expanding the boundaries of coaching in the world through key focus areas:

- Cultivating frameworks for pro bono coaching;
- Engaging in and curating research for the multiplying effect of social progress through coaching;
- Developing coaches within diverse populations, advancing coaching across various demographics.

“The ICF Foundation is poised to do so much good in the world, and I’m delighted to be a proud supporter of their work.”
